PRESS RELEASE

Programme for Verification of Administrative Units and Preparatory Activities for Women Councils and Committees and Administrative Units (LC 1 and LC 2) Elections

1.0 Introduction

The Electoral Commission is undertaking preparatory activities for the conduct of Women Councils and Committees elections (from the village to the national level) 2022, and Administrative Units (LC 1 and LC 2) Elections, 2023.

The current Women Councils and Committees were elected during the period July – August 2018, and the Executive Committee of the National Women's Council was constituted on 23rd - 24 August 2018. According to the National Women's Council Act, the terms of office of the said Councils and Committees is four (4) years, implying their term will expire in August 2022.

The current Village/Cell (LC 1) and Parish/Ward (LC 2) Committees were elected in July 2018. According to the Local Government Act, the term of office of the said Executive Committees is five (5) years, implying their term will expire in July 2023.

The above elections were conducted in a total number of 60,800 villages/cells and 8,387 parishes.

During the conduct of the above elections, the Commission observed the following challenging issues:

- a. Dispute over the legal establishment of some of the villages/cells;
- b. Dispute over the names of some of the villages/cells and parishes/wards;
- c. Dispute over the boundaries of some of the villages/cells;
- d. Dispute over the placement of some villages/cells (within particular sub counties and town councils, etc.);
- e. Dispute over some villages/cells that were located in areas that had been declared as natural reserves and conservation areas (for example in Bukwo District).

In addition to the above, since 2018, the number of Administrative Units in Uganda has increased and the current statistics as per the Electoral Commission database (2022) are as follows:

NO	LEVEL	STATISTICS
1	Districts/Cities;	146
2	Sub Counties/Towns/Municipal Divisions;	2,211
3	Wards in the cities;	431
4	Parishes/Wards in the districts;	10,259
5	Villages/cells;	70,512

2.0 Verification and Confirmation of Administrative Units

In view of the above, the Electoral Commission will conduct a verification exercise of all the administrative units across the country from 17th – 26th March 2022.

2.1 Purpose of Verification

The purpose of the verification exercise will be to:

- a. Confirm that the existing administrative units have been legally created, that is, by Statutory Instrument;
- b. Confirm that the above administrative units are correctly located within their respectful and rightful Sub-county/Town Council/Municipal Division and Parish/Ward;
- c. Confirm that all administrative units' names as listed, that is, District, Constituency, Sub-county/Town/Municipal Division, Parish/Ward and Village/Cell) are correctly spelt and written;
- d. Identify and harmonise any variance in the database of administrative units.
- e. Recommend for removal a village/cell that may illegally appear on the list of administrative units, that is, existing without a Statutory Instrument;

The Commission will conduct the verification/confirmation of administrative Units in a participatory manner, and particularly in consultation with the respective District/City administrative leadership, namely:

1. Chief Administrative Officer (CAO);
2. Assistant Chief Administrative Officer;

3.0 Conclusion

The verification and confirmation of Administrative Units countrywide is, therefore, a very important exercise in preparation for the smooth organisation and conduct of the Women Councils and Committees and the Administrative Units (LC 1 and LC 2) Elections.

The Commission, therefore, urges all stakeholders to take note of the period for the exercise, and to participate in the confirmation of the Units in accordance with the above guidelines.
